ROLES & RESPONSIBILITIES

BOARD OF DIRECTORS

It is the responsibility of the Board of Directors to formulate financial policies, delegate administration of such policies to staff, and review operations and activities on a periodic basis. The Board of Directors adopts the annual budget by board vote. The Board of Directors oversees the general financial administration of OCH and delegates responsibility to the executive director for the day-to-day operations and financial decisions.

FINANCE COMMITTEE

The Finance Committee, chaired by the Board Treasurer, shall be responsible for the oversight and coordination of the duties outlined in the approved charter, including: annual budget presentation for Board approval, presentation of quarterly financial statements, management of fund investments, selection of the outside auditors, annual financial report, internal controls, and financial policies.

The long-term financial objectives for OCH are reviewed and approved by the Board of Directors following recommendations from the Finance Committee, presented by the executive director and/or the Board Treasurer. Expenditures and revenue objectives are recommended for OCH in accordance with Board-approved long-term plans.

The Board Treasurer, with oversight by the Board of Directors, shall have oversight over the accuracy of the accounting records. The executive director shall provide the Board Treasurer with detailed quarterly financial information, such as the Chart of Accounts, reporting formats, Accounts Payable processing, payroll input and processing, cash receipts input, journal entries for General Ledger, Form 1099 reporting, and Form 990 reporting as well as bank reconciliations and any other accounting as required.

STAFF

Under the direction of the executive director, OCH's operations manager implements general and daily financial management and reporting. The operations manager acts as the primary fiscal agent, implementing all financial policies and procedures. The executive director develops and presents personnel expenses to the Board of Directors each year for approval as part of the annual budget. The executive director is also responsible for preparing the annual operational budget for approval by the Board, financial reports analyzing performance to the budget, and periodic cost and productivity analyses.

BUDGETING & REPORTING

OCH regularly prepares both internal and external financial statements. OCH financial statements are prepared on the accrual basis. Presentation of the Financial Statements shall describe net assets and revenues, expenses, gains, and losses, classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of OCH and changes shall be recorded as unrestricted and restricted.

Unrestricted net assets include amounts that are not subject to imposed stipulations that are used to account for resources available to carry out the purposes of OCH in accordance with the limitations of its charter and bylaws. The principal sources of unrestricted funds are grants, contributions, and investment income.

Restricted net assets are those resources available for use only for purposes specified by the donor or grantor. Such resources originate from grants and contributions restricted for specific purposes or a specific future time frame or that are required to be maintained permanently, but which OCH is allowed to use up or to expend all or part of the income that is derived from the donated assets.

INTERNAL REPORTING

Financial Statements shall be prepared at least quarterly. The Financial Statements include information about OCH funds and cash position as of the end of each month and are reviewed by the executive director prior to submission to the Finance Committee. The Financial Statements are submitted to the Board of Directors by the Board Treasurer quarterly for final review and approval.

FRAUD AND EMBEZZLEMENT

The executive director will notify the necessary agencies, the Board President, and all major funding sources not later than one working day after the date any alleged fraud activity comes to their attention. Organizational personnel will develop the case and notify the proper authorities. If any fraud or embezzlement is identified as part of the annual financial audit and if the executive director is implicated, the auditor shall inform the Board chair immediately. After the investigation and resolution of the issue, the organization will make internal control changes to satisfy management and the Board of Directors.

REVENUE GOALS

The responsibility for reaching OCH's budgeted revenue goals on a yearly basis is shared by the executive director and the Board of Directors. The executive director and the Board Treasurer develop and propose revenue goals and objectives and submit them to the Board prior to discussion and approval.

The executive director prepares regular reports on the status of revenue generating activities and presents it to the Board and Executive Committee at regularly scheduled meetings. The Executive/Finance Committee reviews regular reports of revenues and expenditures and if necessary, makes recommendations to the Board and to the executive director of OCH related to managing expenditures relative to the results of fund development activities.

COST ALLOCATION

Costs not directly attributable to one program and one funding source are initially posted to a common cost center, which are then distributed proportionately to the variety of OCH cost centers. These costs may include office leases, utilities, cell phone plans, standard office supplies, or any other costs deemed to benefit multiple programs.

Allocation of costs are based on labor. Labor percentages are derived from the relative number of hours worked and documented on staff monthly timesheets for each OCH program. Most common costs are distributed to programs based on the hours worked in each program as a percentage of the total staff hours worked in a month. Allocation criteria are evaluated on a regular basis e.g. annually unless significant program changes occur more frequently.

BUDGETING PROCESS

The Finance Committee and executive director shall continuously plan for the long-term financial stability the organization in accordance with OCH's long-term plans that are reviewed annually and adjusted as necessary.

OCH's executive director and the Board Treasurer shall be responsible for preparing and presenting to the Finance Committee an annual operating budget draft for Board approval prior to the beginning of each fiscal year (January). Prior to submission to the Board, the executive director shall review the specific revenue goals tied to the fundraising activities of OCH and make recommendations to the Board Treasurer and Finance Committee. In addition, all relevant staff shall actively participate in the planning of upcoming program expenditures and formulate recommendations to the executive director as the annual operating budget is being finalized for presentation to the Board.

CASH MANAGEMENT

Cash and cash equivalents include all cash balances and highly liquid investments with maturity of six months or less. OCH investments shall be reviewed biannually by the Finance Committee, led by the Board Treasurer. Investment policy is reviewed and updated as needed by the Board. The Finance Committee shall use due diligence in overseeing the investments of OCH funds, by establishing and monitoring an investment strategy that gives proper recognition to risk and return.

FUNDS AND BANKING

Funds of OCH shall be deposited in OCH's bank accounts designated by the Board of Directors. OCH maintains a checking account and savings account. These accounts may be changed as OCH's financial conditions and requirements change. OCH's CFO Contractor will receive and review all bank statements for the organization. The operations manager and the CFO contractor will assure the bank statements are reconciled monthly. The executive director shall maintain and oversee bank accounts and ensure OCH's day-to-day financial operations.

All checks, cash, money orders, and credit card deposits are deposited in the appropriate accounts. The executive director may transfer monies from the savings account into the checking account when necessary. Checks are written monthly based on staff completed check request forms and/or regular approved vendor invoices each month to meet monthly OCH financial obligations, or ongoing operational expenditures. Checking and savings accounts statements are reconciled monthly and serve as an internal control to assure all entries have been made to the general ledger system and possibly discover bank errors or theft.

FINANCIAL RISK

In order to reduce financial risk, staff will endeavor to ensure that no single banking institution will hold more than federally insured limits; in most cases, \$250,000. Staff will monitor accounts on a regular basis and will include account status updates in quarterly financial updates.

INVESTMENTS

Investments are made in accordance with the OCH Investment Policy and, if applicable, are reported with the financial statements at the market value. The Finance Committee evaluates the general investment strategy for organization to ensure the portfolio's proper diversification, security and return on investments. If applicable, the Finance Committee may recommend adjustments to the Board for review and revision.

FUND ACCOUNTING

In observance of limitations and restrictions placed on the use of resources available to OCH, the accounts of OCH are maintained in accordance with the principles of fund accounting. Under these procedures, resources for various purposes are classified for accounting and maintained for each fund.

All contracts, commitments for services in the name of OCH, and other legal obligations shall be signed by the executive director. The Executive Committee will review contracts over \$50,000 and, together with management, recommend approval by the Board of Directors. If this is not possible, then the Board authorizes the Executive Committee to approve these contracts with an immediate notice to the Board of Directors.

All expenditures are reviewed monthly by the operations manager and executive director. Expenditures greater than \$150 require the approval of the executive director. No purchasing agent may make purchases for their sole benefit without the prior approval of the executive director.

Invoices shall be forwarded to the operations manager for approval. Following the review and approval, the operations manager will forward to the CFO contractor to log into Quickbooks and prepare checks. Checks are forwarded to the executive director for signature. OCH will maintain petty cash funds in accordance with the Petty Cash policy.

PROCUREMENT

All purchases must be previously budgeted, and all purchases over \$150 require the advance, written approval of the executive director. Employees of OCH will honor the community we serve by supporting local and minority owned businesses whenever possible and not in violation of this policy. Purchasing agents will avoid a conflict of interest or the appearance of a conflict of interest and avoid any situation where they may gain personally.

PURCHASE REQUESTS

Any employee requesting a purchase must make a clear and accurate description of the technical or professional requirements of the material, product, or service to be procured, including the minimum quality or performance requirements of such purchase. Purchase requests may be made via email to any employee authorized to make a purchase on behalf of OCH. If an employee with purchasing authority wishes to make a request for their sole benefit, such request must receive the advance approval of the executive director.

PURCHASE ORDERS

All purchase requests over \$500 will require a purchase order form, to be completed by the purchasing employee. Forms will contain the following information:

1. Whether the purchase has been previously budgeted
2. Revenue source to be charged

The employee will then give the items and the receiving slip or completed Record of Receipt to the purchasing employee to be verified against the original purchase request or purchase order.

INVOICE APPROVAL

Approved invoices are paid via credit or debit card or sent to the CFO Contractor to be paid via check. Payments will be made based on original invoices only. Once paid, the invoice will be marked "Paid" with the credit card or check detail and filed with supporting documentation as applicable.

PURCHASING THRESHOLDS

There are five available methods of procurement for each purchase. These methods shall be as restrictive as the Uniform Grant Guidance or more restrictive according to the Fiscal Policy of the OCH. Purchases may not be separated into a series of requisitions or purchase orders from the same vendor for the purposes of avoiding the threshold limit.

1. Micro-purchases (<= \$10,000).
 - The aggregate amount of the procurement transaction does not exceed \$10,000.
 - To the maximum extent practicable, Olympic Community of Health should distribute micro-purchases equitably among qualified suppliers.
 - Micro-purchases may be awarded without soliciting competitive price or rate quotations if Olympic Community of Health considers the price to be reasonable. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. Reasonableness is based on research, experience, purchase history or other information, including comparing the price to past purchases; comparing price to other online or available prices; and/or requesting prices from more than one vendor. Price reasonableness should be documented accordingly.
 - Purchase cards may be used as a method of payment for micro-purchases.
2. Simplified Acquisitions (\$10,001 - \$250,000).
 - The aggregate dollar amount of the procurement transaction is higher than the micro-purchase threshold but does not exceed the simplified acquisition threshold.
 - If simplified acquisition procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources, as determined by Olympic Community of Health for the procurement.
 - Prices may be obtained in written, verbal, or online search methods.
3. Formal procurement methods. (> \$250,000)

- Formal procurement methods are required when the value of the procurement transaction under a Federal award exceeds the simplified acquisition threshold of the recipient or subrecipient. Formal procurement methods are competitive and require public notice. The following formal methods of procurement are used for procurement transactions above the simplified acquisition threshold, or a value determined appropriate for the procurement by Olympic Community of Health:

Proposals

- a. Procurement method in which either a fixed price or cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids. They are awarded in accordance with the following requirements:
 - a. Requests for proposals must be publicized and identify all evaluation factors and their relative importance.
 - b. Proposals must be solicited from an adequate number of qualified offerors.
 - c. Any response to publicized requests for proposals must be considered to the maximum extent practical.
 - d. Olympic Community of Health must have a written method for conducting technical evaluations of the proposals received and making selections.
 - e. Contracts must be awarded to the responsible offeror whose proposal is most advantageous to Olympic Community of Health, with price and other factors considered.
 - b. Olympic Community of Health may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby offeror's qualifications are evaluated, and the most qualified offeror is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms that are a potential source to perform the proposed effort.
4. Noncompetitive procurements (>\$10,000).
- a. There are specific circumstances in which noncompetitive procurement can be used. Noncompetitive procurement only be awarded if one or more of the following circumstances apply:
 - a. The acquisition of property or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold.
 - b. The item is available only from a single source.
 - c. The public exigency or emergency for the requirement will not permit a delay resulting from publicizing a competitive solicitation.
 - d. The Federal awarding agency or pass-through entity expressly authorizes a noncompetitive procurement in response to a written request from Olympic Community of Health.
 - e. After solicitation of a number of sources, competition is determined inadequate.

Contract Cost and Price

Olympic Community of Health will perform a cost or price analysis for every procurement action in excess of \$250,000, including contract modifications. A cost analysis generally means evaluating the separate cost elements that make up the total price, while a price analysis means evaluating

the total price, without looking at the individual cost elements. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, Olympic Community of Health will make independent estimates before receiving bids or proposals. In order to arrive at an independent estimate of price, Olympic Community of Health will review similar price data from colleagues, online searches, and other research. The price estimate will be documented and saved with the procurement file.

Costs or prices based on estimated costs for contracts under the Federal award are allowable only to the extent that costs incurred, or cost estimates included in negotiated prices would be allowable for Olympic Community of Health under Subpart E – Cost Principles-of the Uniform Administrative Guidance 2 CFR Part 200.

The cost plus a percentage of cost method of pricing will not be allowed by Olympic Community of Health.

PURCHASES EXEMPT FROM COMPETITION

The following purchases may be made without requesting quotes or competitive bids if they are less than \$50,000:

1. Goods and services that meet an emergency requirement as authorized by the executive director.
2. Postage and postal services.
3. Utilities.
4. Insurance.
5. Office space rental agreements.
6. Original equipment manufacturer repairs and services.
7. Ongoing maintenance agreements for previously purchased equipment and software.
8. Upgrades or purchase of additional modules/features of previously purchased equipment and software.
9. Professional licenses and memberships.
10. Publications and subscriptions.
11. Miscellaneous fees.
12. Training, conferences, and seminars.
13. Repair or replacement of rental equipment.
14. Legal and promotional advertising.
15. Purchases at auctions if the items can be obtained at a competitive price.
16. Expert witnesses for legal proceedings.
17. Legal and public defender services.

VARIANCE OR CHANGE ORDERS

As long as it does not change the threshold of the total purchase, cost variances in the lesser of \$500 or 10% of the original purchase price will be paid without further supervisor approval. Total purchases exceeding the lesser of 10% or \$500, or that put the purchase into a new purchasing threshold will require the approval of the executive director. If the increase moves the purchase into another threshold, the original purchase order will be void and the procedures applicable to the new threshold must be followed.

GRANTS AND CONTRACTS

For all grants and contracts, whether federal, state or privately funded, the OCH's grant manager responsible for the grant or contract shall ensure that contract related purchases will be in accordance with the applicable rules, regulations, and any other terms, directives and conditions contained within the grant or contract award. It is the responsibility of each grant manager to ensure and document adherence to these additional requirements. It is the responsibility of the operations manager to properly store and file all existing contracts. Prior to contract execution, the operations manager will check for contractor suspension and debarment per the OCH Suspension and Debarment Policy.

See OCHs Federal Grants Management Policy for more details on federal grants and contracts.

Transfers of assets with donor-imposed conditions should be reported as refundable advances until the conditions have been substantially met. Transfers of assets on which resource providers have imposed conditions should be recognized as contributions if the likelihood of not meeting the conditions is remote.

INDEPENDENT AUDIT

OCH will have an audit of its financial statements annually.

The Board Treasurer shall recommend to the Board of Directors for approval the selection of a firm to conduct the annual OCH audit. In addition, the Finance Committee shall assist, when necessary, in the audit preparation and report the final results to the Board of Directors. A representative of the audit firm will be invited to attend a Board Meeting to make a presentation to the Board.

Payroll is executed monthly (on the fifth day of the following month of work) using a payroll service. Each OCH staff person is responsible for entering their daily time worked into the online timekeeping system. These reports and the project and tasks entered are approved by the operations manager or executive director monthly, then reported to the CFO to be entered to the payroll service for payment to individual staff and used to prepare monthly financial statements and grant reports. Direct deposit of payroll to individual staff bank accounts will be the preferred method of payment. The CFO reconciles payroll reports with the checking account statements provided by the OCH.
